

RESOLUTION NO. 2012-61

A RESOLUTION OF THE LODI CITY COUNCIL
AUTHORIZING CITY MANAGER TO EXECUTE
AGREEMENT WITH CENTRAL VALLEY CLEAN
WATER ASSOCIATION FOR PARTICIPATION IN
METHYLMERCURY SPECIAL PROJECT

=====

WHEREAS, since 1987, the City of Lodi has participated in the Central Valley Clean Water Association (CVCWA), which was formed to represent the interests of wastewater agencies in the Central Valley in regulatory matters and to support the exchange of information so member agencies can best meet their business challenges; and

WHEREAS, due to recent amendments to the Sacramento River and San Joaquin River Basin Plan, the State is requiring facilities that discharge to the Delta to participate in the Delta Mercury Control Program, and the program allows for facilities to complete the mandatory control study on mercury and methylmercury either independently or through a collaborative study with other agencies; and

WHEREAS, CVCWA is involved in the Delta Mercury Control Program through the Methylmercury Special Project, which will collaborate efforts for the required control study between 14 public agencies. The cost of participation for the City of Lodi for this project is \$45,000, which is less than the projected cost for completing this study independently.

NOW, THEREFORE, BE IT RESOLVED that the Lodi City Council does hereby authorize the City Manager to execute an agreement with the Central Valley Clean Water Association for participation in the Methylmercury Special Project.

Dated: May 16, 2012
